RESEARCH DEVELOPMENT SERVICES (RDS)
Research Development Services (RDS) assists the Texas A&M research community through professional development workshops and seminars, research proposal development, and other research development support services.

POST-SUBMISSION

Review
Assessment of reviewers’ comments (summary statements)

Renew, Resubmit
Proposal development assistance

Subsequent Grant Proposals
Strategic development to leverage current grant(s) to multi-investigator, multi-disciplinary grant proposals

PROPOSAL PREPARATION AND SUBMISSION

Proposal Consultation and Review
For the single principal investigator (PI), multiple PIs, and large complex research teams; strategic review of solicitations and requests for application in all stages of development, focused on enhancing the competitiveness of grant proposals

Large Complex Proposals
RDS will assist multi-partner proposal teams with to manage the proposal process

Coordination with Other Campus Services
Coordinate with other university offices, such as Texas A&M Sponsored Research Services (SRS), as needed

PRE-SUBMISSION

Proposal Development
Assistance for single principal investigator, multi-partner, and research team proposal development

Professional Development
Seminars and workshops; writing groups for NIH, NSF, NSF CAREER, and other federal funding agencies

Internal Grant Programs
PESCA Grant Program, Arts & Humanities Program

International Grant Programs
CONACYT (Mexico’s NSF Equivalent); FAPESP (São Paulo Research Foundation, Brazil)

#19
