TAMU - Division of Research Fall 2014 Workshop

“Funding Opportunities at the National Science Foundation”
and
“The Benefits of Serving as an IPA at the NSF”

The TAMU Division of Research will offer two half day sessions featuring Dr. Andreea Trache, currently on temporary assignment to the National Science Foundation.

1) Critical NSF Grant Writing Structure, Techniques, and Strategies for Success (Morning Session)
2) Information concerning and benefits of service as an IPA (Intergovernmental Personnel Act) temporarily assigned faculty at the NSF. (Afternoon Session)

Please use the above QR code or URL to access the workshop information and registration website. Online registration for this session opens September 1, 2014. Seating is limited.

Site: Rudder Tower Room 401
Date: September 29, 2014
