

Write Winning NIH Grant Proposals

Thursday, September 24, 2015

8:30 a.m. - 4:30 p.m.

*A professional development seminar
for Texas A&M PI-eligible researchers.*

*Limited seating may be available for
post-doctoral researchers.
(See [website](#) for additional information.)*

Rudder Tower, Room 601
Texas A&M University Campus

The workshop will be offered via TTVN where available.

←—————→

All principal investigators interested in submitting research proposals to the National Institutes of Health (NIH) are invited to learn how to:

- present their case to review committees using proven tips and strategies,
- write with a linear progression of logic that leads reviewers through the application proposal, and
- write for two review audiences – those reading a proposal in its entirety and those reading critical sections only.

Principal investigators who plan to apply for the six-month [2016 NIH Grant Proposal-Writing Program](#) must attend this seminar if they have not attended the seminar within the past two years.

Seminar Website:

https://u.tamu.edu/NIH_Seminar_Sep24

**Register by 5 p.m.,
Sept. 17, at:**

https://u.tamu.edu/NIH_Sep24_Reg

No fee to attend.

Registration is required.

Lunch on your own.
