The Division of Research is committed to a truly comprehensive university where students, researchers, and inventors bring scholarship and innovation to bear for the benefit of the community, the state, and the nation.

VICE PRESIDENT FOR RESEARCH
The Vice President for Research, through the Division of Research, provides leadership and coordination to deliver strategic support to further Texas A&M University’s research mission by supporting faculty, as individuals or in groups; growing federal funding by encouraging interdisciplinary/multidisciplinary collaborations; strengthening the research infrastructure; promoting the value of research; and ensuring compliance with research standards established by the federal government, the state of Texas, Texas A&M, and The Texas A&M University System.

CENTERS, INSTITUTES, AND CORE FACILITIES
Research centers and institutes play an important role in the research and academic landscape at Texas A&M, bringing together scholars and scientists—often from different disciplines—to tackle major research challenges. research.tamu.edu/centers

ABOUT RESEARCH AT TEXAS A&M UNIVERSITY
As one of the world’s leading research institutions, Texas A&M is at the forefront in making significant contributions to scholarship and discovery, including science and technology. Research conducted at Texas A&M generated annual expenditures of more than $1.131 billion in fiscal year 2020. Texas A&M ranked 14th in the most recent National Science Foundation Higher Education Research and Development survey. Texas A&M’s research creates new knowledge that provides basic, fundamental, and applied contributions resulting in economic benefits to the state, nation, and world. research.tamu.edu

RESEARCH COMPLIANCE COMMITTEES
Research compliance committees deliver oversight, evaluation, and assurance of compliance in certain fields of research. Faculty at Texas A&M chair and serve on these committees. Approval from a research compliance committee may be needed if research involves:

- **Animals**: Institutional Animal Care and Use Committee (IACUC) iacuc.tamu.edu
- **Biohazards**: Institutional Biosafety Committee (IBC) ibc.tamu.edu
- **Humans**: Institutional Review Board (IRB) irb.tamu.edu

DIVISION OF RESEARCH
The Division of Research is committed to integrity and compliance with regulatory requirements for scientific research. In addition to providing training to faculty, students, and staff, the division has multiple units with programs providing administrative and operations support for Texas A&M’s research enterprise. These include:

- Animal Welfare Office
- Human Research Protection Program
- Biosafety Program
- Biosafety Occupational Health Program
- Conflict of Interest
- Export Controls
- Responsible Conduct of Research
- Research Misconduct

RESEARCH DEVELOPMENT FUND

The Research Development Fund is utilized in part to support research core facilities—shared resources which offer a wide range of services to the research community across administrative units.

RESEARCH DEVELOPMENT SERVICES

Research Development Services assists the research community with proposal development activities including: assisting multi-partner proposal teams with managing the proposal process; coordinating professional development in grant proposal writing; assisting with proposal resubmission based on reviewers’ comments; coordinating, planning, and developing strategies for proposal development efforts; administering internal grant programs, including two international programs; and supporting the University Research Council. vpr.tamu.edu/researchdevelopment

LIMITED SUBMISSION PROPOSALS

Texas A&M has established a process to identify limited submission opportunities and internally select proposals for Texas A&M submissions to sponsors. vpr.tamu.edu/initiate-research/lsp

RESEARCH ADMINISTRATION

The division strives to provide the highest quality financial and administrative compliance services to Texas A&M faculty, staff, and students by assisting in the acquisition and administration of externally funded awards. Research Administration works closely with Sponsored Research Services (SRS), which manages proposal and post-award functions of sponsored research contracts and grants for A&M System members to advance the discovery, development, communication, and application of knowledge in a wide range of academic and professional fields.

CORE FACILITIES

Core facilities in the division provide researchers and students access to state-of-the-art instrumentation, technologies, and specialized scientific services. These include:

- Texas A&M Global Health Research Complex
- High Performance Research Computing
- Microscopy and Imaging Center
- Texas A&M Institute for Genome Sciences and Society
- Texas A&M Energy Institute
- Texas A&M Institute of Data Science
- Texas A&M Institute for a Disaster Resilient Texas
- Texas A&M Institute for Sustainable Communities
- Texas A&M Institute for Neuroscience
- Institute For Quantum Science and Engineering

INTERNATIONAL RESEARCH GRANT PROGRAMS

The division offers several funding opportunities to grow the university’s international research. Texas A&M faculty-researchers collaborate with international partners through the university’s ongoing grant programs with universities in Brazil and with CONACYT-member universities and research centers in Mexico. These programs support collaborative research that develops innovative and transformative ideas that can successfully garner new external funding.

International research through CONACYT explores the impact of chemical contaminants in the Yucatán on bird migration.

The research @ Texas A&M website, showcases stories about research from Texas A&M’s colleges, schools, divisions, units, campuses, and agencies that demonstrate research advances, impacts, and successes. research.tamu.edu

research@Texas A&M — the magazine is an online publication that showcases Texas A&M’s far-ranging research efforts. research.tamu.edu/magazine-spring-2021

ARTS & HUMANITIES FELLOWS PROGRAM

The Arts & Humanities Fellows Program was created to stimulate interactions among scholarly and artistic faculty at Texas A&M, as well as nationally and internationally. Selection as an Arts & Humanities Fellow recognizes extraordinary scholarship and creativity, provides faculty a supportive environment through which to advance their scholarship and creative work, and rewards scholarly and artistic merit in their chosen discipline.
